

Albert's Monthly Newsletter...June 1990

Monthly Note.

Hello again. For those of you that didn't know, June is a very special date. This month is the groups birthday. To celebrate, I have lowered the price of all the bits that I am selling in the newsletter for one month only!

What is happening?

Not a lot really! David Thompson and I are at this moment getting together to write a new article for the next magazine. This is going to be called For What it's Worth, and will cover the prices of Hardware and software, and what is happening to them.

Public Domain

Hopefully, I will be ordering some more Public Domain software soon. However I'm very short of money at the moment, so don't hold your breath!

Computer Shows

There is nothing in the way of computer shows this month, so I'm afraid there will be no reviews next month (This should please David, not much work!).

The Cost

I had some interest lately in the cost of the magazine, mainly why does it cost so much, so here I decided to do a guideline to help you.

The printing of the magazine costs 4p per single sided A4 sheet and 6p per double sided A4 Sheet, so for a 33 page magazine this costs:-

1 Single sided A4 @ 4p Each = 4p  
16 Double sided A4 @ 6p Each = 96p

1 A4 Envelope @ 16p Each = 16p

1 28p Stamp = 28p

Total = £1.44 per average magazine

As you can see, 6 months of that + the newsletter and I hope you think that you are getting your moneys worth!

Bargain Basement

Key \*Shand\* = Second hand software / Hardware. (Tried and tested 100% ok)

\*\*NEW\*\* = New pieces of software / Hardware.

The Auction

FOR SALE

Mono monitor. Is in good working order, and works well in both 40 and 80 column modes. Offers wanted.

2 5.25" Drives. The Configuration is 40 track Double sided. Includes a rather large case, a built in power supply and a long lead to connect to the back of the Einstein, both drives are in good working condition. Best offer.

Free to collector of the 5.25" drives, 1 Green screen monitor and 1 good keyboard (Full QWERTY set plus separate cursor keys and numeric pad).

For Sale, due to lack of space, 1 Oric 1. In mint condition, still boxed with an Oric Printer, also in mint condition, with lots of software, and about 6 different kinds of manuals including games and assembly programming, there are even some C.A.D and business programs! Best offer.

Commodore MPS 1230. In very good condition with ribbons and 2 cans of ribbon refresh! Includes the Maxifit sheet feeder (as reviewed in last months magazine). Also includes a cut sheet feeder and tractor feeder (For fan - fold paper). There is still a good 5 months warranty on it. It is being sold because I just bought a Star Printer!

If you want to offer me on any of above things, please give me a call on 0525 210868. (After 6.30pm)

*Please note. Prices do not include P + P unless specified, please phone for a price on the above number.*

Atmos JPARAPR For Oric-1.
