

COMMERCIAL-QUALITY SOFTWARE FOR THE EINSTEIN COMPUTER

4/95

BELL SOFTWARE

~~~~~

SUPERDRAW. Super on-screen DRAWING PROGRAM, with load, edit, save, print, and save to disk as BASIC program listing (ASCII text). Also includes:- PARADOX magic DRAWING PROGRAM, with repeating zoom feature, allowing any part of the picture to be detailed ad infinitum. Also includes a DATABASE, GRAPH DISPLAY GENERATOR, ADDRESS BOOK, and a freeware utility to allow non-Superdraw-owners to DISPLAY SUPERDRAW PICTURES from disk. runs in 40 columns PRICE CODE A.

INFOBASE. DATABASE, with font selection, clock (giving unobtrusive time display on-screen), and function key setter as additional features. Also includes INFOFAX, a computer TELETXT-like page-based text information storage and retrieval system, which can also save page displays as an XBAS or BBCBASIC ASCII program listing, and includes a freeware display utility like the one in SUPERDRAW. Also includes a TEXT SCREEN GENERATOR, GRAPH DISPLAY GENERATOR, CALCULATOR, SIDEWAYS PRINT utility, DIARY, ADDRESS BOOK, and DISK UTILITIES, which include a FILE MERGE option. 40 columns PRICE CODE A.

FOOTBALL PREDICTION PACKAGE. English/Scottish and Australian versions are available. You just might win a fortune with these programs -- can we have 10% commission please? -- but the match result data file updating service is no longer available (you'll have to do it yourself), so they are supplied for amusement only.

English/Scottish version 40 columns PRICE CODE C.

Australian version 40 columns PRICE CODE C.

GOLD SHARES PORTFOLIO. For amusement only -- but if you DO manage to make lots of money for real, we wouldn't object to a share!

40 columns PRICE CODE C.

BELL SUPER SIX GAMES DISK. Includes CITY DEFENDER, BATTLESHIPS, PONTOON, ECHO (musical test of skill), PAIRS (memory test), and MATHS TESTER (with 3 levels of difficulty). 40 columns PRICE CODE C.

BELL SUPER TEN GAMES DISK. Includes RED MEANIES, BASKET BALL, BOWLING, MUSIC, VOID, MARTIAN DAWN, REACH FOR THE GODS, MONALITH, and two versions of NOUGHTS & CROSSES. 40 columns PRICE CODE C.

(from other programs being run).

40/80 columns CODE B

SURREY SOFTWARE SERVICES (3S) SOFTWARE

NEIL'S TWENTY UTILITIES. An invaluable selection of utilities to make your life easier. Intended for the TC-01, but most will work with the 256 as well. Includes AUTORUN, a submit-like batch-file utility; CATALOGUE, a sorted and sized directory display; CLOCK, displays the time in the corner of the screen; COLOUR SETTER for foreground and background colours; simple ASCII text FILE CREATOR; DISK COPIER; set up Einy as a SERIAL TERMINAL; SET FUNCTION KEYS; SET KEY REPEAT SPEED; RAM TESTER; SET DISKS READ ONLY (OR READ/WRITE); SECRET, hides (or unhides) files from directory display; RECOVER accidentally deleted files; SETDISK to display title and/or AUTO-BOOT programs on boot-up; SORT files into order; COPY SYSTEM TRACKS; use Einy in TYPEWRITER mode; non-destructive DISK TESTER/VERIFIER; fast disk FILE WIPE; strip hi-bits from WORDSTAR FILES - CONVERT TO ASCII.

40 columns PRICE CODE A.

Also on this disk are DEMO PROGRAMS for the WP40/80 and POP-UP progs. These are crippleware (i.e. the save feature is disabled), so you can try them out free, but you don't get the full program free!

SIMPLAN PROJECT PLANNER. Developed from the WP80 word-processor, this program has the same "look and feel" and command structure, and is designed to produce a bar-chart "spreadsheet" of inter-related activities in a simple (or more complicated) project, which can be altered and edited as the project proceeds, viewed as required on-screen (using the screen as a "window", or printed out at any stage, in whole or in part.

80 columns PRICE CODE A.

IF YOU ALREADY HAVE WP80

PRICE CODE B.

(To qualify for this upgrade, you must send in your ORIGINAL WP80 DISTRIBUTION DISK, which will be returned to you with SIMPLAN).

IF YOU BUY WP40/80 AND SIMPLAN AT THE SAME TIME

PRICE CODE C.

3S ACCOUNTS. A fully comprehensive business accounting system, allowing for variable VAT rates, or none at all.

80 columns PRICE CODE

(Temporarily unavailable)

EMSOFT/TAURUS/SHARWARD/STEAM COMPUTER SOFTWARE

MOUSE ART. A sophisticated easy-to-use mouse-driven art package, intended not only for drawing pictures, but also for producing greetings-card types of display.

40 columns PRICE CODE

(Temporarily unavailable)

MUSIC WORKSHOP. Written to run on both the TC-01 and the 256, this program allows you to exploit the full music potential of your Einstein. Originally written to improve on MUSIC COMPOSER, facilities include compose, edit, play; and music can be printed in manuscript from your printer. This program guarantees you hours of pleasure, and is equally suitable for beginners, or those experienced in music.

40 columns PRICE CODE A.

SERIAL TRANSFER. Transfer files between Einstein and PC by serial cable. CABLE NOT INCLUDED, but can be supplied (at extra cost) to order. 40 columns. Einstein AND PC disk (state size) PRICE CODE B.

EMSOFT/TAURUS/SHARWARD/STEAM COMPUTER SOFTWARE

EINWORD and SCAT. EINWORD is a powerful 80-column WYSIWYG (What You See Is What You Get) WORD-PROCESSOR with user-selectable word-wrap, right-justification and insert on/off, plus all the usual text layout, "search and replace" and block commands, and useful help file.

SCAT is a disk catalog system written to overcome bugs in MCAT and other similar systems when the total number of files catalogued exceeds 500. It is intended for 80-columns, but can be used in 40.

PRICE CODE A.

G4VPD HAM RADIO COLLECTION. Includes MORSE TUTOR and decoder, contest scorer, locator, audio filter design aid, sprog calculator, duplicate callsign checker and Ohm's Law in a menu-driven auto-loading suite. Also included are a set of Packet/TNC/RTTY utilities.

40 columns PRICE CODE B.

G4VPD DISK TOOLS. A set of tools for those unused to Dos, which can be used from keyboard, mouse or joystick. Also includes on side B: a suite of formatting and backup tools allowing 40-track disks to be formatted and used to 41 or 42 tracks (sector skewing gives increased access speed), and allowing 3.5" or 5.25" disks to be formatted and used to 80 tracks under Dos 1.xx (though only single-sided).

ALSO INCLUDES UTILITY TO USE 256 V-RAM AS A 176kB RAM DISK, accessed as 4th drive. WORTH IT FOR THIS ALONE! 40 columns PRICE CODE A.

AEGOS (Alternative Einstein Games Of Skill) includes DICE, BETWEEN (a game of chance), CONCENTRATION (requires a lot of it!), PLANK (similar to Hangman), BLACK JACK (similar to Pontoon), and ROMULANS (A different sort of Space Invaders game). Last but not best of all is Ted Cawkwell's superb GOLF game. Addictive! 40 columns PRICE CODE C.

MONEYPLAN. Standard business accounting package, with all the usual features, and allowing for three different VAT rates between 0 and 100 percent. 2 drives 80 columns PRICE CODE A.

EINREAD. RUNS ON IBM-COMPATIBLES, NOT ON EINSTEIN. A simpler way of reading Einstein files across to a PC if you have a 3.5" or 5.25" drive fitted to Einy. Really only useful for text files unless you have a CP/M emulator on the PC that thinks it's an Einstein.

On PC MsDos 360Kb (5.25") OR 720Kb (3.5") disk. PRICE CODE C.

HELPING HAND. An invaluable toolkit for XBAS and BBCBASIC programmers, providing 13 useful functions to work on tokenised BASIC files in a simple menu-driven program. 1 or more drives. 40 cols. PRICE CODE B.

RAIDER. Fight your way through to the enemy home-world and destroy the evil overlord. Good Luck! 40 columns PRICE CODE C.

WATCH THIS SPACE! Lots more software on the way for you soon.
